

# JAYDEEP GADHIYA

## UI-UX DESIGNER AND WEB DEVELOPER

📍 Ahmedabad | 📞 +91 9328479047 | ✉️ [jaydipgadhiya31@gmail.com](mailto:jaydipgadhiya31@gmail.com) | [🌐 LinkedIn](#) | [🐙 GitHub](#)

### SUMMARY

I am an aspiring **Web Developer** and **UI/UX Designer** currently pursuing an **MCA** from Uttaranchal University. I have hands-on experience in modern technologies such as **JavaScript, React.js, Tailwind CSS, and Figma**. During my internship at Vytech Enterprise, I contributed to building real-world web applications and designing responsive user interfaces. I aim to join a growth-oriented team where I can apply and expand my development and design skills.

### TECHNICAL SKILLS

- Figma
- Adobe XD
- Photoshop (Basic)
- HTML5
- CSS3
- JavaScript
- React.JS (Basic)
- Bootstrap
- Tailwind CSS
- GitHub
- VS Code

### EXPERIENCE

#### VYTECH ENTERPRISE(6 MONTHS DURATION)

JAN 2025 - JUL 2025

I completed a 6-month internship at Vytech Enterprise as a UI/UX Designer, where I designed intuitive and responsive user interfaces for web applications. I collaborated closely with developers and stakeholders to create wireframes and interactive prototypes. During the internship, I also learned JavaScript and React.js, which helped me understand **front-end development** and improve the handoff between design and development.

### EDUCATION

UTRANCHAL UNIVERSITY, UTRANCHAL

FROM JULY 2025

**MCAI Pursuing**

BHAKT KAVI NARSINH MEHTA UNIVERSITY N.P. ARTS AND  
COMMERCE COLLEGE, KESHOD

2022-2023

**Bachelor of commerce | 7.05 CGPA**

### SELECTED PROJECTS

#### CRM Web Application (React.js, JavaScript, CSS, React Router)

- Built a responsive CRM interface using React and React Router for seamless navigation, implementing reusable components and modern UI design.
- Designed and built reusable React components to handle forms, tables, and customer detail views, demonstrating component-based architecture. Used state and props to make reusable components.

#### To-do Application (ReactJS)

- Developed a responsive To-Do List application using ReactJS, featuring task creation, editing, deletion, and prioritization for efficient task management. Understand Component-Based Architecture, State Management, Event handling Hooks and Conditional Rendering.

#### Using Figma

- Designed landing pages: Construction Company, Fruits & Vegetables Shop.
- Built hero sections and mockups following UX principles.

#### Education website (PSD)

- Designed and developed a responsive education website using HTML5 and CSS3, featuring a clean and intuitive user interface. Implemented modern CSS techniques like Flexbox and Grid for layout, enhancing user experience and accessibility

## CERTIFICATIONS

### **Graphic Designing and Web Development Course**

- Currently pursuing a comprehensive course in graphic designing and web development at Frameboxx, where I am acquiring skills in visual communication, design principles, and modern web technologies. The course covers topics such as UI/UX design, responsive web design, and the use of industry-standard software, equipping me with the tools needed to create visually engaging digital experiences.
- HTML Course, April 22 2024
- Web Development In Hindi , July 2024
- UI-UX for Beginners , March 2024
- Soft Skill for IT July 2024
- Job Interview Preparation Course 5 August 2024
